

Rope pull switch

Accessory rope pull switch

Description **SEIL D6MM GELB**

Article number **3699100075**

Mechanical data

Rope-Ø	6 mm
Breaking load	520 daN (kg)
Structure	braided
Weight	1,72kg / 100 m
Material	PP, polyprpylene multifil
Yarn strength	≈5-7 CN/dtex
Specific gravity	0,91 kg/dm ³
Drop in strength due to moisture	0 %
Water absorption	0 % (no swelling and no shrinkage)
Knot strength	55-65 %
Light resistance (UV light)	well (equipped)
Elongation at break	24 %
Abrasion resistance	satisfactory
Washing temperature	30 °C
Softening temperature	140 °C
Melting temperature	170 °C
Temperature limit (short-term load)	80 °C
Acids 50 % concentrated	without influence
Petrol, diesel and lubricating oil	without influence
Solvents	little impact
Alkalis (lyes)	resistant to weak alkalis
Electrical properties	excellent insulating properties
